DBD-16H Mini Table-Top #5 Rebar Bender

*#5 grade 60 rebar bending capacity, meets ACI 318-05
Center bending rollers are 6 times the diameter of rebar*

The DBD-16H is a small lightweight portable rebar bender that can save valuable time. The angle adjustment lever allows you to bend rebar up to and including #5 (5/8") grade 60 rebar. This is a strong electric/mechanical bender that can dial-up bends from 1-180°. You can use it at your job site or in your shop. The DBD-16H portable rebar bender comes complete with removable extension table, a tool kit, and a standard foot pedal control switch for hands-free bending. BN Products-USA backs this tool with a one-year parts and labor warranty.. The DBD-16H portable rebar bender comes complete with a tool kit, and a standard foot pedal control switch for hands-free bending.

BN Products-USA backs this product with a one-year warranty.
