BH 14G

Optional removable foam gasket available for all Maki safety glasses.

BH 14209

Description

The fashion sport inspired design of the Maki safety glasses can be combined with the optional removable closed cell EVA foam to protect from airborne particles and debris. It also has dual injected TPR temple ends and embedded rubber nose pieces to ensure a slip free fit in any environment. This specific model features polarized precision lens which filter out bent light waves eliminating glare, eye fatigue and decreasing reflection off surfaces such as water, sand, and snow.
