

Fiberglass Pole Kits

FG Extension Poles

Offering control and exceptional bending strength, Jameson's FG Poles have remain popular with professional arborists. A protective surface veil prevents fibers blooming at surface due to abrasion or ultra-violet light.

Convenient kit contains three exte

Batch tested to 100KV per foot for five minutes.

JE Extension Poles

Jameson's original foam core pole is the highest quality fiberglass pole available.

Foam core prevents debris and moisture build up inside pole and adds extra hoop strength and rigidity.

High visibility color.

Meets requirements of OSHA Subpart R 1910.269 (j)(1)(i):
Every JE series pole is tested to 100KV per foot for 5 minutes.

Note: These are not "hot sticks."

Wire and Limb Raiser

Plated steel wire raiser is designed for placing cable on rollers, construction blocks and hardware during line construction. Conveniently pulls or lifts branches out of dense foliage. No adapter needed. Not for use on or near live wires.

Part Number	Description
FG-6/3	Set of Four FG Extension Poles: One 3' Extension Pole & Three 6' Extension Poles (21' Total Length)
JE-6/3	Set of Three 6' Extension Poles and One 3' Extension Pole (21' Total Length)
FG-6-3W	Set of Four FG Extension Poles: One 3' Extension Pole & Three 6' Extension Poles with Wire Raiser

For highest performance and safety, Jameson recommends using a Base Pole when using one pole or starting with a Base Pole when working with multiple poles.
