

The leader in fiberglass poles brings you a high quality, lightweight telescoping pole that saves space and adjusts to fit your job.

- Double locks (internal lock and external cap) ensure poles will not collapse. Count on a secure connection at any length for maximum versatility and safety.
- Lightweight, durable fiberglass will not crimp under high stress like aluminum poles.
- Compact for easier climbing and storage.

*Not A "Hot Stick" - Not For Use On Energized Lines*

*For safety, Jameson does not recommend attaching additional poles or Tru Shot to Telescoping Poles.*

**Telescoping Pole**  
Blank End

TP-12 6-12' Length  
TP-14 7-14' Length

**Telescoping Pole**
