

EverSoak® STANDARD Sorbent Roll

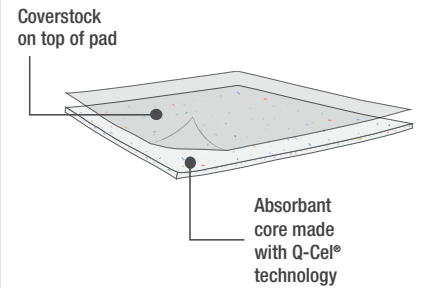

Absorbs up to 43 gallons of oil per split roll *

* per ASTM F726-06

Sorbents

Basic Sorbent Split Rolls

Made in the USA

- Made with 80% recycled cellulose fibers
- Light-weight general purpose sorbent split roll soaks up both oil and water as well as grease, transmission fluid, hydraulic fluid, coolants, diesel fuel and many other fluids
- Sorbent split rolls are perforated every 19" across but not down the middle of the center of the rolls
- Coverstock is only on the top side of the sorbent roll to allow roll to instantly begin soaking up liquid, keep the roll firmly in one place and still have the durability that customers have come to expect from the EVERSOAK® line of sorbents
- Ash content is 1.8% per ASTM D5468
- 9,592 BTU/lb per ASTM D5468
- More absorbent and a more cost effective alternative than the leading competitor's meltblown sorbent split rolls
- Class A fire retardant when roll is dry (lab tested per ASTM E84)
- Helps you comply with 29 CFR 1910.22(a) (2)

Caution: Not intended for use with aggressive acids or caustics. Dispose of all sorbent materials in accordance with local, state and federal regulations.

BASIC Sorbent Split Rolls

Product Number:	22885
Roll Size:	14.25" x 150'
Quantity Per Case:	2/box
Color:	Grey
Cases Per Pallet:	12 cases/pallet LTL
	12 cases per pallet TL
TI:	4 cases/layer
HI:	3 layers/pallet
Case Dimensions:	Length: 21.88"
	Width: 19.88"
	Height: 29.25"
Case Weight:	21 lbs
Pallets Per Truck:	30
UPC:	NA
GTIN:	NA
