## Hazmat

### Meltblown Sorbents Hazmat Sorbent Roll

 **Made in the USA**

- Packaged in a plain bag with a generic label
- Great for cleaning up aggressive chemical leaks and spills, such as battery acid, and other toxic chemicals
- Medium-Weight Hazmat Sorbent Rolls are an economical way to clean up hazardous chemicals and flammable or unidentifiable liquids
- Perfect for absorbing aggressive chemicals, oil, water, fuel, grease, transmission fluid, coolants, solvents and many other liquids
- Yellow in color to denote the hazardous liquids they can absorb and helps make sure the used rolls are disposed of properly
- Perforated every 17" across and down the middle of the length of the roll
- Hazmat Meltblown Sorbent Rolls are made in the USA

*Caution: Dispose of all sorbent materials according to local, state and federal regulations.*
