

Steel Device Rings

4" Square Single Gang Device Rings

Features

- Ideal for exposed work applications, providing an easy method for the installation of electrical devices
- Can be used on any 4" square box

Applications

- 4" single gang device rings are used with 4" square boxes to mount switches, receptacles and devices
- Angled slots on the covers compensate for up to 12° of box misalignment on upright framing members
- C7515 flat surface is keyed to catch plaster or drywall mud

Standard Material

- Galvanized steel

E195124
