

Steel Rings

4" Square Double Gang Device Rings

Features

- Ideal for exposed work applications, providing an easy method for the installation of electrical devices
- Can be used on any 4" square box

Applications

- 4" double gang device rings are used with 4" square boxes to mount switches, receptacles and devices
- Angled slots on the covers compensate for up to 12° of box misalignment on upright framing members
- Four slots for mounting vertically or horizontally

Standard Material

- Galvanized steel
